Naturally there isn't much you can do for the online cheaters tho the mods are doing a lovely job at it, I've yet to run into a hacker, but personal experience such as events and such shouldn't be on a battle pass subscription basis, im tired of seeing all the opportunities for cool stuff but have it be intangible because it requires UC a subscription currency in the game. Also make BP more relevant, give it actual meaning because I have had over 1.5 mill and literally had nothing worth spending it on, key word worth, I made my own clan because it was about the best thing I could spend it on. Idk could we get more reasons to use other maps because I'm tired of sitting waiting for one of my favorite maps to actually have someone playing on it, not knocking Livik or The others but like mostly everyone is just playing one or two maps tops, I'd love to see alternative game modes again like arcade, I don't know if it's still in but if so, I don't know where it's at. Also CAN WE MAKE THE BIKE LESS ANNOYING?! Please for god sakes just a bit less annoying, bikes aren't that annoying in any other game or even irl, please I'm begging you, fix it. Otherwise it's a great game with good mechanics. Just wish you couldn't spawn the APC upside down (would love to see that stick around and actually spawn in special areas. Hi AcidLupus! I made the IN-GAME purchase for a 17 season plus card as a gift for a friend but got double charged. I reported to PUBg but got NO response (as always). Then I had to contact Apple for the over charge. One day later, I received a punishment notice in game claiming me for using unofficial channel for purchase. I only use IN-GAME purchase. I again contacted the customer service who replied me the next day. Then the customer service "expert" Vince C. copied and pasted the original punishment notice. That is the ONLY response I got after countless tries and uploading all the required screenshots and my payment records. What a joke! The nightmare did not stop there. The next day, Pub mobile continued clearing out my UC account after I got 20 UC from leveling up RP. Immediately took away my UC. It is such an unfortunate comparison to how long it took to get a response from the customer service. And it is truly a violation of my personal asset. Again, I have all my purchase records. I paid every penny IN-GAME for all my purchases!!!! I have been a long time devoted player who only make purchase in game. Why did you punish me for your own game glitch and incompetence? Hello, we're sorry to hear that you have had such a negative experience! We are always working to improve upon PUBG MOBILE and we want to reassure you that we will do our best to help you with any issue that you might be facing, please contact our customer support team in-game with details regarding this issue and we will assist you immediately. I've been playing PUBG for couple years now every time is the same when it comes to purchases. I bought \$10 worth of wheel of fortune loot and got absolutely nothin got only a bunch of worthless coupons. It's obvious that they developers control all the loot that is purchased in order for ppl to spend more money. It's super frustrating I went back to playing call of duty mobile because they offer more skins all around and are not stingy with the loot. The game play over all is very glitchy and also when they servers kick you out you loose points and the issue is never fixed. Reporting anything to them is useless they never respond and seems like they only want money from people they never update with new maps or offer better loot. Am done with this Game it's a waste of time. I have to edit my review because I forgot the most important review of them all. Ok I don't understand how I was playing the game I was downed with a level 2 helmet level 3 body armor my helmet was full at 150 points and body armor at 250 nothing was taken away but I got downed by Someone shooting at me. It makes nooooo sense to have armor and helmets if they won't take all the damage before being downed!! Plz fix the issue and only then will I return to play the game!! What's the deal with RP I completed the season am max out at 100 and have missions left I complete the missions by my RP doesn't stack but yet if I buy RP it will stack y'all need to get this looting stuff straight!
